

## ASHBOROUGH BALL FIELD RESERVATIONS AND USAGE RULES

The following guidelines exist for reserving and using the Ashborough Ball Field:

1. Only Ashborough residents that are properly designated as Coaches of a team or have a dependent on a team may reserve the ball field.
2. Each team must provide to the **Ball Field Reservation Coordinator** an up-to-date copy of liability insurance from the league to which the team is associated.
3. Reservations are made via the **Ball Field Reservation Coordinator** on a first call basis.
4. No team may reserve the ball field for two nights of use until all leagues have started practice and sufficient time given for everyone to have a chance to call.
5. Reservations for teams desiring a Saturday practice will normally only be scheduled for Saturday morning. If an Ashborough resident is planning a party, needs to schedule the ball field for the day, and a conflict exists with a requested practice, the **Ball Field Reservation Coordinator** will resolve the conflict.
6. The ball field may be reserved for all sports (baseball, softball, soccer, flag football, etc.) and Ashborough resident parties. The **Ball Field Reservation Coordinator** maintains a year-round schedule.
7. All Coaches and Ashborough residents desiring the ball field for a particular sport or program must provide all of their own equipment for that sport (bases, soccer goals, etc.). Neither the **Ball Field Reservation Coordinator** nor the **Ashborough Civic Association** maintains sports equipment for check-out or rental.

The **Ball Field Reservations Coordinator** routinely checks the field for ant hills and requests that any organization or Ashborough resident who discovers ant hill problems on the field report the same so that measures may be taken to remove them.

**Ball Field Reservations Coordinator:**      **Sheila Bistromowitz**
